

**From Camden County College:**

**Abigail Mawson** – Abigail will graduate later this month with her associate degree in communications. She plans to earn her bachelor's degree and become a public relations executive.

Abigail serves as the public relations officer for the Alpha Nu Mu Chapter, where she “gets the word out” to students, faculty and staff about all Phi Theta Kappa events. She promoted the Chapter's scholarship workshop and created a series of public service announcements for the college's radio station and newspaper to promote the voter registration drive.

Abigail volunteers with My Father's Hands, a ministry that serves those less fortunate in Camden City. Every Sunday, she distributes food, clothing, books and words of encouragement to those in need. She is also a member of the Student Pro-life Group.
